

Libratone Lounge Speaker - retailed for \$695. Works with older Apple devices using Airplay 1.

Features:

Has a built-in 50W amplifier.

Utilizes the Libratone app to setup volume and EQ.

Tan cashmere cover.

Has a stereo mini jack and optical input for external input - would make a good center channel speaker.

Comes with a bracket to mount on the wall if desired.

In original box and with all packing material!

Looking for \$150, but open for offers.
